

Always Supplying Advanced Flexible Excellence

## Excellence on every level

Modern multi-storey car parks deserve truly modern protection. Barriers that absorb impacts and protect the floor and vehicle. Barriers that do not rust, corrode or flake. Barriers that require minimal maintenance. Barriers that retain their aesthetic. Barriers that last.

**A-SAFE** barriers take intelligent car park protection to a whole new level.

**A-SAFE** is the award-winning inventor and manufacturer of a system of impact-absorbent, high-strength and cost saving protective barriers used in warehouses, car parks, airports, food and drink facilities and other workplaces across the world.

To contact **A-SAFE** about their new **iFlex** barrier range please call +44 (0) 1422 331133, email [sales@asafe.com](mailto:sales@asafe.com) or visit [asafe.com](http://asafe.com) for more information.
